

**Savannah, Georgia City Directories 1882 - 1954**

**SCAN STREET ADDRESSES TO IDENTIFY OTHER PERSONS LIVING AT THAT ADDRESS**

There are many people for whom I have info for only one year. If you only see a person's name once, it does not mean they were not in other directories. It may mean that I only have one year for their surname. \*Relation not confirmed. [added for clarity] Colors within same year show persons living at same address.

NOTE: Fischer names are only names of interest. I do not know if they are related so I have not included them in each directory transcription. If their relationship should be proved, the other years would need to be revisited and additional entries added. There are numerous other Fisher's, also.
